APPLICATION AREAS

LUGGAGE

Provides tamper-evident protection for luggage zipper pulls during transportation and travel.

HANDBAGS

Suitable for handbags, shoulder bags and various personal carrying products.

BACKPACKS

Helps prevent unauthorized opening of backpack zipper compartments.

SHOPPING BAGS

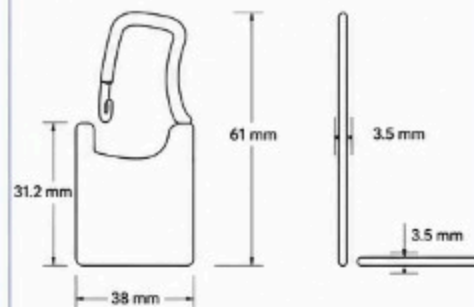

Used on retail and boutique shopping bags as a visible security seal.

SHOES

Can be applied to shoelaces or product display points for product security and identification.

TECHNICAL DIMENSIONS

All dimensions are subject to $\pm 2\%$ manufacturing tolerance.

SECURE & DURABLE

Provides quick and secure application with its practical locking mechanism. Once opened, it breaks and cannot be reused.

EASY APPLICATION

Lightweight and ergonomic design allows fast installation. No additional tools are required.

TRACEABLE SECURITY

Serial number printing enables product traceability. Logo printing supports corporate identification.
